### Main areas

- Public Procurement Law
- Construction Law
- Antitrust / Contract Law
- Waste management
- Contract Law

### Background

Katarzyna Skiba-Kuraszkiewicz has been working with the SDZLEGAL SCHINDHELM since 2006 and has been its partner since 2014.

In the years 2000-2005 she studied law at the Faculty of Law, Administration and Economics at the University of Wrocław.

In the years 2005-2008 she was an apprentice prosecutor at the District Prosecutor's Office in Wrocław, and passed a prosecutor's exam.

Since 2009, she has been registered as an attorney-at-law with the Wrocław Bar Association.

She is a long-term member of the Polish Association of Public Procurement Consultants and the Public Procurement Law Association.

### Expertise

Katarzyna Skiba-Kuraszkiewicz has over 10 years as an attorney-at-law. She advises domestic and foreign companies in both public procurement and environmental law.

In the field of public procurement law, she supports contractors and contracting authorities at the stage of organizing the public procurement procedure or applying for the contract, as well as during the performance of the contract, which includes pursuing contractual claims and supporting the parties in negotiating changes to the contract. She has extensive experience in representing parties before the National Appeals Chamber (several dozen cases a year) and courts.

In the field of environmental law, Katarzyna Skiba-Kuraszkiewicz supports waste management entities, which includes providing opinions on contracts, conducting administrative procedures for obtaining permits, in particular integrated permits and environmental decisions, auditing projects and investments in terms of compliance with environmental protection requirements.

Katarzyna Skiba-Kuraszkiewicz delivers lectures and training in public procurement and environmental law and regularly publishes articles in trade journals and industry newspapers on those subjects.
